

Stage 03: Transmission Company Analysis

P278 'Treatment of Transmission Losses for Interconnector Users'

What stage is this document in the process?

01 Initial Written Assessment

02 Definition Procedure

03 Assessment Procedure

04 Report Phase

Your response

We invite you to respond to the questions in this form.

How to return your response

Please send responses, entitled 'P278 Transmission Company Analysis' to modifications@elexon.co.uk by 5pm on Friday 3 February 2012

Response Form

The P278 Workgroup requests your impact assessment of P278. In particular, we ask for your responses to the following questions and your reasons for those responses.

Transmission Company Questions

Question 1:

Please describe the impact(s) of P278 on your ability as a Transmission Company to discharge your obligations efficiently under the Transmission Licence and to operate an efficient, economical and co-ordinated Transmission System.

Please give your response:

P278 will allow NGET to better demonstrate compliance with its Transmission Licence and other appropriate legislation.

Question 2:

Please outline your views and rationale on whether P278 would help to achieve the Applicable BSC Objectives.

Please give your response:

By aligning the GB treatment of Interconnectors with that prevalent in other Member States, the proposal clarifies and confirms compliance with the appropriate legislation and will better facilitate Applicable BSC Objectives (a), (c) and (e).

Question 3:

Please outline the impact of P278 on the computer systems and processes of the Transmission Company. Include details of any changes needed as a result of implementing P278.

Please give your response:

P278 will not have any impact on the computer systems or processes of the Transmission Company.

Question 4:

Please outline any potential issues relating to security of supply arising from P278.

Please give your response:

There are no security of supply issues arising from P278.

Question 5:

Please provide an estimate of development, capital and operating costs in appropriate detail which you as a Transmission Company anticipate that you would incur in implementing P278.

Please give your response:

P278 will not have any Transmission Company development costs.

Question 6:

Please provide details of any consequential changes to Core Industry Documents and/or the System Operator Transmission Owner Code that would be needed as a result of implementing P278.

Please give your response:

There would be no consequential changes to Core Industry Documents as a result of P278.

Question 7:

Would you like to make any other comments on P278?

Please give your response:

No further comments.

Any questions?

If you have any queries on this form, please contact David Kemp on **020 7380 4303** or david.kemp@elexon.co.uk.

Further Information

To help us process your response, please:

- Email your completed response form to modifications@elexon.co.uk
- Use the following text in the subject line of your email: "P278 Transmission Company Analysis"
- Include a phone number in your covering email, so that we can contact you if we have any questions
- Respond by **5pm on Friday 3 February 2012** (the Workgroup may not be able to consider late responses)

The Workgroup will consider your response at its next meeting. Once the Group has completed its assessment of P278, it will draft the Assessment Report and present it to the March 2012 Panel meeting.
