

MODIFICATION P245 – PROPOSED LEGAL TEXT

SECTION S: SUPPLIER VOLUME ALLOCATION (version 18.0)

2.8 Long Term Vacant

Amend paragraph 2.8.3 as follows:

2.8.3 The criteria for determining whether a Supplier may treat a Non Half Hourly Metering System for which it is responsible as Long Term Vacant includes the requirements set out below and any further requirements set out in BSCP504:

- (a) the Non Half Hourly Data Collector responsible for such Non Half Hourly Metering System has made two visits (not less than ~~three months~~75 days and not more than ~~seven months~~215 days apart) to the property on which the Non Half Hourly Metering System is situated for the purpose of obtaining Metered Data and has been unable to obtain access to the Non Half Hourly Metering System to obtain such Metered Data;
- (b) the Non Half Hourly Data Collector has notified the Supplier (in the manner and form required by BSCP504) of such visits and of its failure to obtain access to the Non Half Hourly Metering System; and
- (c) the Supplier has proactively in accordance with BSCP504 used its utmost reasonable endeavours to identify the owner and/or occupier of the property upon which the Non Half Hourly Metering System is situated where such owner and/or occupier is unknown and has attempted to gain access for the purpose of obtaining Metered Data.
