

Stage 03: Transmission Company Analysis

P249: Revision of Banking Arrangements under the BSC

Response Form

The P249 Modification Group requests your impact assessment of P249. In particular, we ask for your responses to the following questions and your reasons for those responses.

Transmission Questions

Question 1:

Please describe the impact(s) of the Proposed Modification on your ability as a Transmission Company to discharge your obligations efficiently under the Transmission Licence and to operate an efficient, economical and co-ordinated transmission system.

Please give your response:

National Grid has not identified any impacts to National Grids ability to discharge obligations.

Question 2:

Please outline your views and rationale on whether the Proposed Modification would help to achieve the applicable BSC Objectives.

Please give your response:

It appears greater benefits could arise from the sensible investment of monies held within the reserve account and could consequently better facilitate applicable objective (d).

Question 3:

Please outline the impact of the Proposed Modification on the computer systems and processes of the Transmission Company. Include details of any changes needed as a result of implementing the Proposed Modification.

Please give your response:

This Modification will not impact National Grid systems.
