

## Stage 03: Transmission Company Analysis

# P285 'Revised treatment of RCRC for Interconnector BM Units'

### Response Form

The P285 Workgroup requests your impact assessment of P285. In particular, we ask for your responses to the following questions and your reasons for those responses.

### Transmission Company Questions

#### Question 1:

Please describe the impact(s) of P285 on your ability as a Transmission Company to discharge your obligations efficiently under the Transmission Licence and to operate an efficient, economical and co-ordinated Transmission System.

#### Please give your response:

P285 will allow NGET to better demonstrate compliance with its Transmission Licence and other appropriate legislation

#### Question 2:

Please outline your views and rationale on whether P285 would help to achieve the Applicable BSC Objectives.

#### Please give your response:

P285 removes any potential ambiguity over perceiving RCRC as a charge on interconnector trades separate to that of imbalance. It also removes the potential for wide EU market distortions arising from the influence of RCRC on cross-border trades. As such it will better facilitate Applicable BSC objectives (a), (c) and (e)

#### Question 3:

Please outline the impact of P285 on the computer systems and processes of the Transmission Company. Include details of any changes needed as a result of implementing P285.

#### Please give your response:

P285 will not have any impact on the computer systems or processes of the Transmission Company.

What stage is this document in the process?

01 Initial Written Assessment

02 Definition Procedure

03 Assessment Procedure

04 Report Phase

#### Your response

We invite you to respond to the questions in this form.

#### How to return your response

Please send responses, entitled 'P285 Transmission Company Analysis' to [modifications@elexon.co.uk](mailto:modifications@elexon.co.uk) by 5pm on Friday 14 September 2012

**Question 4:**

---

Please outline any potential issues relating to security of supply arising from P285.

---

**Please give your response:**

---

There are no security of supply issues arising from P285.

---

**Question 5:**

---

Please provide an estimate of development, capital and operating costs in appropriate detail which you as a Transmission Company anticipate that you would incur in implementing P285.

---

**Please give your response:**

---

P285 will not have any Transmission Company development costs.

---

**Question 6:**

---

Please provide details of any consequential changes to Core Industry Documents and/or the System Operator Transmission Owner Code that would be needed as a result of implementing P285.

---

**Please give your response:**

---

There would be no consequential changes to Core Industry Documents as a result of P285.

---

**Question 7:**

---

Would you like to make any other comments on P285?

---

**Please give your response:**

---

No further comments.

---

## Further Information

To help us process your response, please:

- Email your completed response form to [modifications@elexon.co.uk](mailto:modifications@elexon.co.uk)
- Use the following text in the subject line of your email: "P285Transmission Company Analysis"
- Include a phone number in your covering email, so that we can contact you if we have any questions
- Respond by **5pm on Friday 14 September 2012** (the Workgroup may not be able to consider late responses)

The Workgroup will consider your response at its next meeting. Once the Workgroup has completed its assessment of P285, it will draft the Assessment Report and present it to the October 2012 Panel meeting.
